Purchasing barriers of shower toilets

i.life E has been designed to remove the common barriers to purchasing shower toilets.

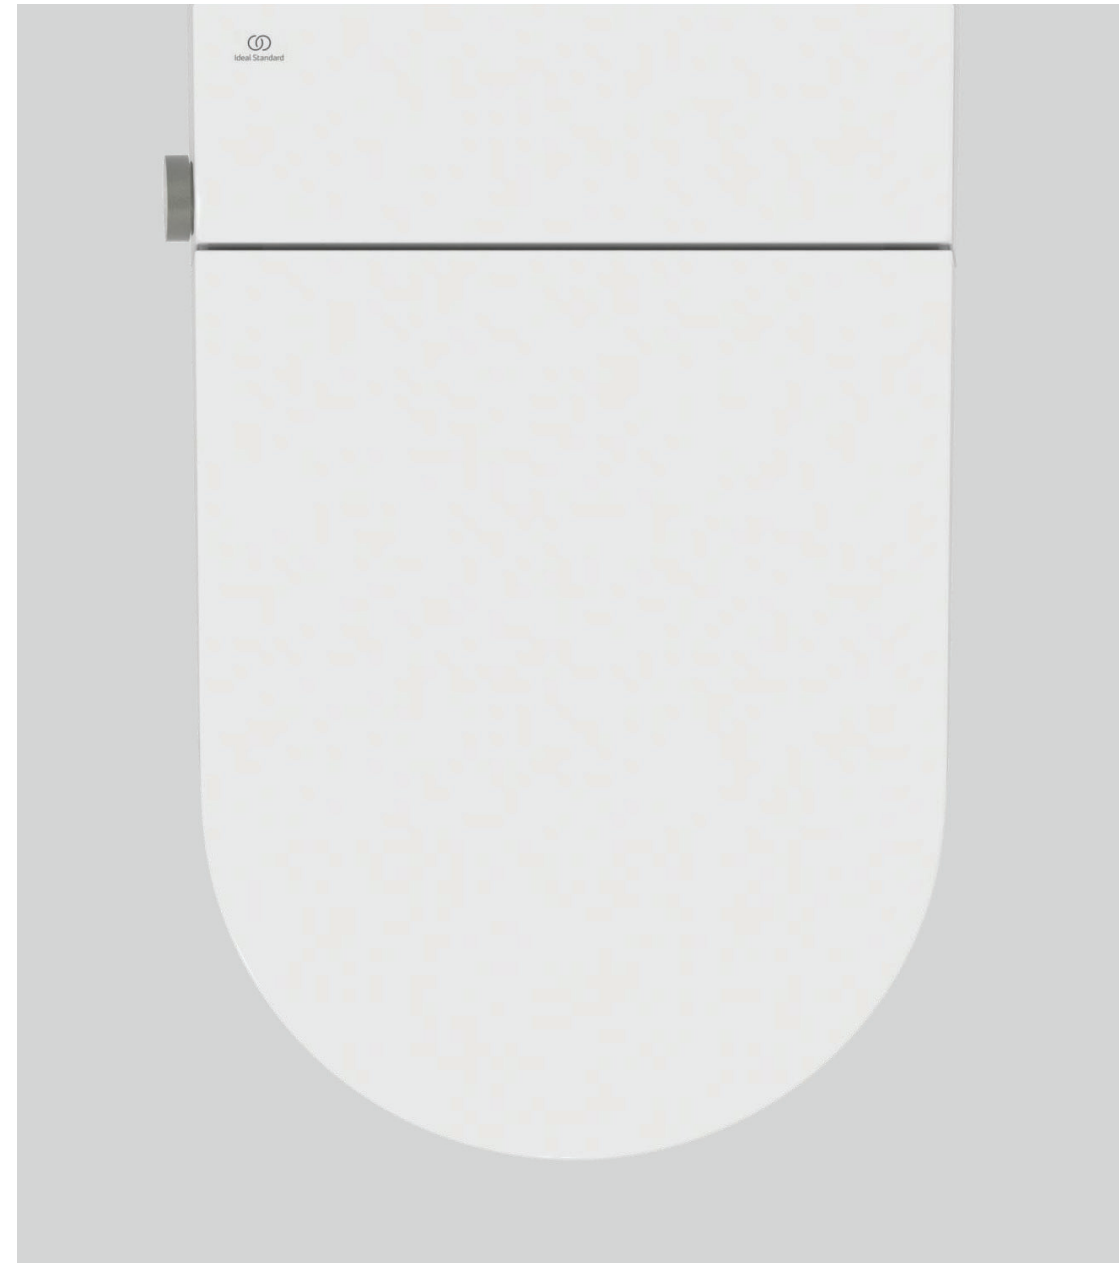

- **Unfamiliarity**
i.life E ensures the functions are simple and clear, even to first time users of bidets.
- **Higher investment**
Because purchase and installation for a shower toilet can be considerable – i.life E is priced similar to a standard bowl.
- **High effort for installation**
i.life E packaging is designed to facilitate installation for skilled professionals.
- **Higher resource consumption**
Features of i.life E were carefully selected and designed to ensure minimal energy and water consumption

Purchasing drivers of shower toilets

i.life E meets key purchasing drivers.

- + **Hygiene**
In-depth cleaning for the bidet function and the bowl.
- + **Comfort**
Pleasant and convenient cleaning; easy to use.
- + **Sustainability**
Reduce toilet paper use and water consumption.
- + **Investment**
Adds value by upgrading your property with the latest technology.
- + **Modern design**
Stylish bathroom feature, considered a show piece and status symbol.
- + **Independence**
Washing automation can help users maintain personal hygiene.
